FEDERAL SUPPLY SERVICE

APRIL 1975 VOLUME 2

GERALD R. FORD
President of the United States

ARTHUR F. SAMPSON
Administrator General Services Administration

Federal Supply Service has spent more than twenty-five years looking for new ways to satisfy your needs for commercial type goods. This easy-to-use catalog has been developed with that purpose in mind. It has been published in two parts. Volume 1 provides the new National Stock Numbers, descriptions, and illustrations of the items available. It also contains ordering instructions and information about other services and programs of GSA.

Volume 2 contains additions and changes to Volume 1, plus unit of issue and pricing data cross-referenced to the National Stock Number. In order that you will always have current pricing data, Volume 2 will be updated and published quarterly.

This catalog can be an invaluable tool to help you fill your agency's day-to-day operational needs. As you use it, I urge you to pass on to us any suggestions you might have for improvements in our catalog. Your ideas are valuable to us in our efforts to keep Federal Supply "First in Supply and Service."

HOW TO USE THE SUPPLY CATALOG

The October 1974 GSA Supply Catalog has been published in two volumes. **Volume 1** contains all the information included in the 1973 GSA Supply Catalog, except for prices and an index of stock numbers; **Volume 2** contains price information and the National Stock Number Index. **Volume 2**—published again in January, April, and July of 1975. These will contain an updated National Stock Number Index as well as cumulative changes to **Volume 1. Volume 2** supersedes the previously published quarterly Change Bulletins.

EASY TO USE

Whether you know the stock number (NSN) of an item or you only know its name, there are three EASY steps to using this CATALOG:

If you know the National Stock Number . . .

1 Consult the National Stock Number Index in Volume 2.

2 Isolate the NSN in the Index. This will usually give you sufficient ordering information including price. If more detail is desired, refer to the page number indicated.

3 See the section entitled Helpful Information on the Stock Program starting on page viii of Volume 1.

If you know only the item name or if a service is required in Volume 1 . . .

1 Consult the Alphabetical Index of Commodities starting on page 421 or of Services starting on page 497.

2 Isolate the item by name. If a page number is given, go to that page. If no page number is listed, or a symbol appears in addition to a page number, note the symbol(s) given (e.g., **180**, FSS 71–V; FSS 78, 84–1A, TC R–8), and see page 421 for further information.

3 If you need ordering information, see page viii for the Stock Program, page 401 for Term Contracts, page 373 for Schedules, and page 372 for other buying programs.

NOTE TO DoD ACTIVITIES

GSA supply publications are prepared for civilian agencies. They are issued to DoD activities for informational purposes only. DoD activities should refer to their respective service Management Data List (ML's), other service supply publications, or internal issuances before processing requisitions to GSA.
